

METEOR

Automatic dispenser

This automatic dispenser stands out for its hygienic hands-free operation and germ-spread reduction. It operates quietly using eight AA batteries or an AC adapter dispensing liquid after simply placing your hand below the sensor. Additionally, it features an LED light to indicate low battery.

- ① Safe key hole placement
- ② Visible liquid level - transparent window
- ③ ABS plastic - durable and smooth surface
- ④ Infrared sensor - liquid dispensed automatically
- ⑤ Quality, refillable bottle inside, resistant plastic
- ⑥ Battery placement behind the bottle, 8pc AA batteries
- ⑦ On-Off switch. Dosage is adjustable. Once or twice for dosage
- ⑧ Electric adapter, no batteries needed
